Wattie Presents Strange Request To Be Released

Robert Wattie, who was arrested on Wednesday when attempting to cash a \$500 cheque, said to have been stolen from the mails, created a mild sensation in the city police court yesterday, when he asked to be let out on bail in order, as he said, that he might go over to Vancouver and hunt up the man who had given him the cheque. Wattie could not tell the man's name but said that he knew his haunts and could find him. He would not want to leave the country, he declared, as he had a wife and family here.

Under the act, all municipal courts of revision must meet on February 8, and have a period of ten days, or until February 28 to pass on all the appeals submitted and have their lists completed.

It is not anticipated that the Saanich Court of Revision will continue to sit through the day. Municipal Clerk Sewell stating that the great majority of the appeals are fifty-one in all, are of a minor nature and present no difficulties of adjournment.

TAILORS' MEET GREAT SUCCESS

Mr. Ed. Christopher Returns to City From Attending Annual Convention in Tacoma

The eleventh annual convention of the Pacific Coast Merchant Tailors Association, which was held in Tacoma on February 3, 4, 5 and 6, was one of the most successful ever conducted by the organization, according to Mr. Ed. Christopher, of P. M. Linklater, Limited, who yesterday returned to Victoria after attending the party in the American city.

A feature of the conclave was the style show. Mr. Christopher said. Under the soft glow of red, blue and amber lights, indirectly set amid the modernistic decorations of a galaxy of clothes-filled alcoves in the Hotel Winthrop, the style display presented a gamut of colors, cloths, and cuts running from the ebony of evening wear for the male, through sports and business and semi-formal apparel to a brilliant red riding coat.

Referring to the styles shown, Mr. Christopher stated that sports gear would be softer, richer goods. Trousers were to be shorter and more conservative in width. Coats were two-buttoned and single-breasted, though single-breasted coats were visible in the style display. Double-breasted creations were noticed only in plain colors.

Llama and llama cashmere were de rigueur in the better overcoats. For color, green and blue predominated. Demi-bosom shirts bore stiffly in their advance to more and more robust chests. Hand-stitched coats were in evidence. Plain colored coats and vests found their fundamental color in the accompanying trousers, though the latter were striped in varying hues. Flannel would claim a stronger hold on sports wear, both in the ensemble with blending colors and the softer, fluffier stuffs. It was declared.

Delegates from all states west of the Rocky Mountains, and including Canada, attended the convention. Welcomes were extended by Hon. Roland H. Hartley, Governor of the State of Washington, and Mayor James G. Newbegin, of Tacoma. Addresses were delivered at the sessions on the subjects: "Stimulation of Business in Dull Months," "Style, Light Wear Fabrics," "Modern Advertising Methods," "Credit, the Problem of Financing," "Style, Meeting the Demand for Freedom," and "Elimination of Unprofitable Customers."

Splendid entertainment was provided the visiting delegates, the programme including a yacht trip on Puget Sound, under the direction of Commodore Frank L. Baker; informal card and buffet supper; a trip to Mount Rainier, Tacoma and winter sports at Longmire Springs; a theatre party, golf tournament at the Tacoma Golf and Country Club; a ladies luncheon and bridge, an automobile tour of Tacoma, and a banquet and cabaret entertainment.

Chinese Shoplifter Sentenced to Month

Lum Lee was sentenced to one month's imprisonment in the city police court yesterday, after pleading guilty to a theft in the Woolworth store.

E. Cadick, an employee in the store, said that the Chinese had for some time been a pest there, continually fingerings goods over and never buying. On Thursday he was seen to take a card of safety pins. On searching him other little trifles were found, which the Chinese said he had taken from other stores.

OAK BAY COUNCIL TO HEAR APPEALS

Court of Revision Will Hear Thirty-Nine Cases Tonight and Monday

The Oak Bay Council of Revision, composed of the whole council and presided over by Reeve Hayward, will open tonight at the Municipal Hall, and is expected to deal with nineteen out of a list of thirty-nine appeals which are on the list.

The remaining twenty cases will be heard on Monday night. Most of the appeals have to do with the overvaluation of newly constructed houses in the municipality, while others concern houses which have changed hands at a price considerably in advance of the original assessment, which has afterwards been raised to conform to the increased value of the property.

Court of Appeal Victoria Sittings

Re Testator's Family Maintenance Act: McDermott (Appellant) vs. Walker (Respondent).

Had been obtained in the Supreme Court making provision for respondent out of a testator's estate. On appeal to the Court of Appeal sitting in Vancouver the decision in the Supreme Court was reversed. It was held that appellant, who was testator's widow, was entitled to the benefit of the provisions in the act. Respondent, who was testator's daughter and married, did not require assistance for her maintenance and support, whereas the property left to appellant, who had a paramount claim, was barely sufficient to provide a living income. Appellant had voluntarily made a present of \$1,000 to respondent.

Respondent appealed from the decision of the Registrar in settling the order of the Court of Appeal and asked that the costs of both parties be paid out of the estate. Counsel for appellant argued that appellant had only resisted an unlawful claim. There had been no oppressive action on her part. She should not be called upon to pay the costs.

The Court of Appeal held that, as a general rule, though costs in a court below may be made payable out of an estate, any party who chooses to appeal takes the risk, in so doing, of becoming liable for the costs, otherwise any preposterous claim might be made and the estate saddled with the expenses. In this case respondent applied to the court, not to administer the trusts of the will, but to upset the will. The application was dismissed with costs.

Mr. C. R. J. Young for appellant; Mr. J. G. Gibson for respondent. Rex (Respondent) vs. Macdonald and Vaughan (Appellants). The hearing of the appeal from the conviction of appellants at the Westminster Assizes, was continued yesterday, and will be proceeded with on Monday.

Mr. A. M. Johnson, K.C., for the Crown; Mr. Stuart Henderson for appellant Vaughan; Mr. G. S. Wismer for appellant Macdonald.

SUCCESSION DUTIES ARE PROTESTED

Continued from Page 1

"With vast areas of land awaiting improvement and with growing cities constantly needing remodeling of business premises to meet increased public need, there is urgent necessity to put investment in land on a basis where it can compete with investment in bonds and securities. We must have the lands improved; it is our own local necessity. Bonds and securities have a world-wide market.

"Unfortunately for provincial development the need of making investment in land and landed improvements attractive has for several years been lost sight of, and this especially applies to succession duties.

"Bonds and securities are taxed with succession duty when found. Land is always found and taxed. "Bonds and securities are always saleable and the amount necessary for succession duty can be realized without any abnormal sacrifice. Land, no matter how valuable, is not as readily instantly saleable, and the effect of succession duty demands on any substantial landed property is apt to be ruinous.

A purchaser is not likely to be persuaded into buying a tract of land by learning that the land has to be sold to pay succession duty on the value created by the work and investment conferred on the land by its late owner.

"The fact has to be faced that to restore land values throughout this province, and also to stimulate investment in land and landed improvements, it is absolutely necessary to free land from succession duties and death duties.

RESULT BENEFICIAL. "There will be an apparent loss of revenue at first; but the bringing back of land values and stimulated investment in land and landed improvements, will prove other sources of revenue more than making up any initial loss.

"A citizen who owns and pays taxes on his land should not be made subject to a heavy capital demand on value created by his own investment, work and improvements. Time has shown that the policy of enforcing such a liability keeps down the value of land; prevents dealings in land as a popular method of investment, and turns the favor of investors towards bonds and securities, based in large part on pending principal moneys out of the province.

"In recasting taxation laws the first step will be to free land and landed investments from the hazardous liability of succession duty, so that a landowner will not pass on his investment towards bonds and securities, based in large part on pending principal moneys out of the province.

"The landowner pays taxes; pays for costs of improvements; makes permanent contribution to the basic wealth of the province, and is, in a young province, the most desirable type of investor.

"Succession duty on land is an illusory form of revenue production because it strangles land investment; keeps down land values; drives investment into foreign issues of bonds and securities, such as South American Republics and other places, etc., and teaches young people to dislike ownership of land as an investment form for savings.

"Abolishing succession duty on land is not a theory, but a necessity. It is a remedy urgently required to restore a true basis of values in the province and to get under way a progressive undertaking of land improvement which will people and utilize the vast land areas of this province. No other remedy is available.

"By a policy of this kind we would bring people here who would fill up the vacant spaces in British Columbia, invest their money in our enterprises, giving work to many and bringing about a prosperity which is our just due.

DOUBLE SUCCESSION DUTIES. Mr. F. E. Winter spoke shortly on the subject of double succession duties. These, he said, had been done away with in so far as residents in Canada with property in other parts of the Dominion were concerned. The Government, he contended, was inclined to place far too high a value on properties which were liable to succession duties.

Mr. F. E. Winter, M.P.P., who was a guest of the board, was invited to give his views and remarked that it could not be too much regretted that the landowner was forced to carry so great a load. This had arrived at the stage, said Mr. Winter, when the citizen of Victoria who rented his home was wiser than the owner of property.

EXEMPTION OF INDUSTRIES. It was noticeable, however, that very few people in Victoria paid succession duties, although the yearly revenues from this source was some \$750,000. The speaker suggested that it might be well to exempt the first \$50,000 that was invested in any industry in the province.

"I would dearly love to see total elimination," said Mr. Winter, "but we must not lose sight of the fact that the Government have got to get a

REAL ESTATE MEN DISCUSS ZONING

Will Approach Special Committee of City Council for Revision of By-Law

Mr. James Forman yesterday submitted a report upon zoning problems in the city at the regular luncheon meeting of the Victoria Real Estate Board. Mr. David Leeming explained that the special committee of the board had felt that many changes in the Zoning By-Law were necessary. It was felt that

many of the clauses contained therein were altogether too onerous upon certain individuals. The board received the report and authorized the committee to meet the zoning committee of the City Council, composed of Aldermen Smith, Litchfield and Woodward, in order that the matter should be fully discussed.

The president and secretary of the Pacific Northwest Real Estate Association will meet the board on February 21, and Mr. R. F. Blundell, municipal clerk of Oak Bay, will give a second address to the members at the luncheon meeting on March 7.

BANDIT TAKEN IN LONG CHASE

Constable Sees Automobile That Raised Suspicion — Shoots One Man, Captures Another

GANG OF FOUR MEN THOUGHT INVOLVED

VANCOUVER, B.C., Feb. 7.—Police today got on the trail of a gang of suspected holdup men following two more attacks on women in their homes, and as a result, one man was under arrest and three others are the subject of intensive watchfulness. One of the hunted men is suffering from a bullet wound, fired by a pursuing police officer, and is thought to be the "Scar Nosed" slinger who yesterday knocked Mrs. J. C. Williams unconscious while he was robbing her home. The man under arrest is known to police as George "Squint Eye" Imbrece.

The capture of Imbrece came about shortly after Motorcycle Constable William Davis had answered a call at 2490 West First Avenue, and had learned that Mrs. Anne Robinson, housekeeper there, had just been attacked by a masked and shoeless bandit, who subjected her to a bad beating when she offered to give him battle. The intruder escaped without having stolen anything. Shortly after Mrs. Robinson had shouted, "Police, police," into an open telephone.

SUSPICIOUS AUTOMOBILE

Constable Davis then began to cruise around the neighborhood, and a short time later noticed an automobile containing four men. The actions of the men aroused his suspicions so he went over to investigate. At his approach the car sped up. He went after it. After quite a long chase, the car suddenly stopped, and the four occupants jumped out and fled through back alleys and over fences with the policeman in pursuit.

He fired twice in the air and then brought down one of the fugitives with another shot. The latter jumped up, however, and started running, meanwhile holding his shoulder. Davis then caught up with another of the fugitives, later identified as Imbrece, and the latter surrendered. The constable gave his charge over to three citizens and continued his search for the rest of the gang. He could find no trace of them, however, although several citizens reported seeing an apparently wounded man, answering the "Scar Nosed" bandit's description in various parts of the city later in the day.

ANOTHER ATTACK

Another attack on a woman was reported to police soon after the First Avenue affair, when Mrs. J. McKenzie, of York Street was knocked down by a Chinese thief who escaped without committing robbery. She surprised the man when going to the basement, and when she screamed, he leaped upon her, pulled her hair and threw her to the ground.

PROPOSALS TO PARLEY NOW PLAIN

Continued from Page 1

The subcommittee of experts agreed to recommend to the conference a definite method of limiting fleet tonnage.

CONCRETE PROPOSALS

Canadian Press Staff Correspondent LONDON, Feb. 7.—From dry technicalities delegates at the Naval Conference today swung to concrete proposals advanced by the United States. Until these proposals have been fully examined there is an indisposition to comment on them. The proposals have yet to be formally brought before the conference, but among those in close touch with the conference proceedings the constructive proposals are welcomed as constructive, an offering of a basis on which subsequent agreement may well be based.

The principal points of the proposals are thus outlined: 1. Reduction in the number of American eight-inch gun cruisers from twenty-one, the number stipulated in the Anglo-American party agreement.

2. Reduction—and this is described as highly important—in the spread of cruiser tonnage as between Great Britain and the United States. The spread in party agreement was 24,000 tons for the British total being 339,000 tons and the United States 315,000. The British viewpoint was that this gap in favor of Britain was necessary because of her more widespread responsibilities, which made a greater number of small cruisers necessary.

CUTS GAP IN HALF

Under the American proposals the gap in favor of Britain is cut by half.

3. The proposals recognize the right of Britain to build up to eighteen eight-inch gun cruisers by reducing the number of her small cruisers, provided she keeps within the total cruiser tonnage. Conversely, the proposals recognize the right of the United States to increase the number of her small cruisers by reducing the tonnage allotted to the heavy cruisers, cutting them from eighteen to fifteen.

At this point, it is observed, creates in reality a new cruiser tonnage, ranging from the 10,000-ton vessel with eight-inch guns to the 4,000 or 5,000-ton "police" cruiser with six-inch guns. But it is the proposal that the principle of transfer which has been one of the French submissions. Under the American proposal, the transfer would apply only as between six-inch and eight-inch gun cruisers; the French transfer would be from one class to any other class of vessel; on this point the British have gone so far as to express agreement with transfers from the cruiser classes downward, barring transfer of capital ship or submarine tonnage.

4. The proposals make the attainment of cruiser equilibrium on the Pacific Ocean easier of attainment. Japan's claim for 70 per cent of the British or United States cruiser strength would, under parity, have been 70 per cent of eighteen big cruisers, which has always been the maximum British strength.

5. The proposals involve recognition that parity will be achieved on a ship-for-ship basis.

So the conference has before it one of the plainest and most basic proposals that has yet been laid down.

ATTITUDE OF JAPAN

By WARD PHILLIPS (Copyright, 1930, by The Chicago Daily News Foreign Service)

TOKIO, Japan, Feb. 7.—Japanese naval officials, having received a report of Secretary of State Henry L. Stimson's proposals at the meeting between the Japanese and American naval delegations in London on Tuesday, are unfavorable toward the suggestions as they are understood here. The Americans propose that the twenty-year age limit of battleships be extended five years and that construction and replacement of vessels be postponed.

What the Tokyo naval experts oppose are the provisions to keep the battleship at a maximum of 35,000 tons with reduction of gun calibres to fourteen inches, and to limit Japan, Great Britain and America each to 60,000 tons of submarines. It is felt that the former would be to the advantage of America, making possible operations at a great distance because of the size of the vessels.

The Japanese will propose acceptance of the suggested submarine allotment figure, it is believed, on condition that they be allowed to shift tonnage to submarines from another category when it is thought necessary. A naval official here says that Japan needs at least 78,000 tons of submarines, which is its present quota at the Naval Conference.

GOES TO PARIS

LONDON, Feb. 7.—M. Andre Tardieu, French Premier, left London today for Paris to attend an important debate in the French Chamber of Deputies. He expects to return to London, where he is participating in the sessions of the Five-Power Naval Conference, on Monday.

British Parties Unite in Efforts to Obtain Relief From Costs of Armament

Continued from Page 1

In view of these persistent statements The London Times, which is very far from being a Socialist Labor newspaper, has chosen to speak editorially on this subject. "As things stand at present," says The Times, "no one can put MacDonald out of office but MacDonald himself. Though he is technically the head of a minority Government, no Prime Minister was ever for the time being in a more impregnable position.

ALL PARTIES CONCERNED

"For any reason of his own he were to go to the country tomorrow, he unquestionably would be returned to office. All parties are deeply concerned for the success of the conference and none has shown the slightest disposition to be critical or impatient, still less to transfer its conduct to other hands."

That is the truth. And The Times mildly biting comment is also possibly near the truth. It is, "It may be doubted, indeed, whether any of the distinguished and responsible visitors who are representing their countries in London can afford to disregard the risk of a setback on the home front so completely as can Mr. MacDonald."

Mr. MacDonald's remarkable political position is peculiar in the world. He is the only head of a state who has mounted to power almost wholly through his broad internationalism and whose mandate from his people inheres transcendently in his dogged effort to convert an "armed peace" into a "peaceful arm."

GREAT PEACE MEN

As the late Gustav Stresemann was the great peace man of Germany, and as Aristide Briand is

the great peace man of France, so Mr. MacDonald is the great peace man of England.

But the present chief of Downing Street, first though he is among British peace politicians, is happily not alone among powerful British statesmen in that sense. Stanley Baldwin, leader of the Conservatives, and David Lloyd George, leader of the Liberals, are also convinced champions of peace. Both of these party chieftains, like the Socialist Labor leader, put international conciliation and reduced armaments in the forefront of their platforms in the late general election, and both laid an overshadowing emphasis on these desiderata in their campaign speeches.

BACK THE ISSUES

Public opinion, then, is constantly in the thoughts of the visiting delegations when they consider the position of the MacDonald Government with reference to a possible naval treaty. These delegates know two things: First, that the British nation, or group of nations, earnestly desire to give Mr. MacDonald steadfast backing in his struggle to lessen British naval armaments without endangering the security of the Commonwealth; second, that if some other issue than that, engaging the attention of the naval conference brought the MacDonald Government to the ground, its successor, whatever its party complexion, would be forced by public opinion to persist in the disarmament and peace policies of its Socialist Labor predecessor.

Coincidentally, the delegates appear generally to believe, as public opinion in Great Britain is massed solidly behind reasonable naval armaments, so public opinion behind the other four principal maritime powers will force ratification of a fair London treaty.

Arrears Less On Income Tax Than Formerly

In replying to questions asked by Mr. George S. Pearson in the House yesterday, Hon. W. C. Shelly showed that there was a total of over a million dollars outstanding in the form of income tax arrears. Less than twenty per cent of the total levy is in arrears, however, for the current year.

The question sought information as to how much in arrears at December 31, 1929. Mr. Shelly gave the information that it was \$843,103.19 for the current year, and for previous years \$301,585.25, or a total of \$1,144,688.44.

ELKDOM MAKES BIG PROGRESS LEADER SAYS

Grand Exalted Ruler Ernest E. Hand Pays Official Visit to Victoria Elks' Lodge No. 2

CANADA NOW HAS 20,000 MEMBERS

Victoria Elks tendered a warm, fraternal greeting to E. Hand, of Vancouver, grand exalted ruler of the Benevolent and Protective Order of Elks of Canada and Newfoundland, at a session of the local B.P.O.E. lodge.

The Elks' leader was accompanied by a delegation of members of Vancouver Lodge No. 1, consisting of Messrs. George Roadnight, Charles Vaughan, Samuel G. M. Stewart, and Thomas Gibson.

Mr. Hand said the cardinal principles of Elksdom were brotherly love, charity, justice, and fidelity. He spoke of the substantial progress which the fraternal order was making, and stated that it now possessed 20,000 members in Canada and Newfoundland. There were Provincial Elks' associations in every province, and the forty district deputy grand exalted rulers were functioning well. He congratulated the Victoria lodge upon the good work it was doing, and wished it all success in 1930.

At the officers' banquet which followed the lodge meeting, Exalted Ruler Reginald H. Lot, president as toastmaster, after the toast to the King had been honored, Trustee Darrell W. Spence proposed the toast to "The Grand Lodge." He expressed the pleasure afforded by the Victoria Elks in having as their guests Mr. Hand and his colleagues from the Mainland.

Mr. J. W. Lorimer, grand lecturer in Elksdom, in responding to the toast, declared that Elksdom was a great fraternity composed of men of all classes, creeds and forms of political opinions. It commanded recognition, not alone for its professions or for the beauty of its doctrines, but for its sound constructive policies and endeavors to uplift and enhance the welfare of humanity.

HAND OF FELLOWSHIP
"Elksdom teaches us to extend a hand of fellowship to the fallen, to aid the lame and to assist the sick, and to care for the young and aged," he asserted.

Mr. Lorimer said that in his capacity of district deputy grand exalted ruler for Vancouver Island, he had recently visited the Elks' lodges in Duncan, Port Alberni and Nanaimo, and had installed the officers in each lodge. He found these bodies making good progress.

The 1930 officers of the Victoria lodge were installed in their respective posts last night by Mr. Lorimer. The Central Y.M.C.A. Toronto, which presented a past exalted ruler's jewel to Mr. Ernest L. Stock, who directed the destinies of the local lodge last year.

Mr. Hand conducted the Elks' Eleven o'clock ceremony.

A fine musical program was rendered during the evening. Messrs. Ernest Butterworth, Percy Edmonds and Thomas Kelway contributing vocal selections which were received with applause. Mrs. Clifford Warren accompanied the artists on the piano.

NEW SWIMMING RECORDS MADE

Sixteen-Year-Old Mermaid Clips Four Seconds From Canadian 100-Yard Backstroke Event

MEN'S TIME CUT BY M. GRIFFIN

(Canadian Press)
OTTAWA, Ont., Feb. 7.—Two Canadian records were shattered and world marks threatened, at the Canadian swimming championship meet held here tonight as a part of Ottawa's gala winter sports carnival programme.

New titleholders were enthroned in five separate divisions of the 100-yard backstroke event, and as a result, champions drawn from a score of clubs in Toronto, Montreal, Chicago, New York and other cities were crowned.

Eleanor Holm, fifteen-year-old mermaid of the Women's Swimming Association, New York, clipped four seconds off the Canadian mark in winning the 100-yard backstroke.

Griffin went the route in 1 minute and 10 2/5 seconds, clipping two-fifths of a second off the old mark set by Tom Walker, of Toronto, in February, 1925.

Of the five national title races on the programme, the three for ladies went to the strong invading contingent from the United States. In addition to the championship lifted by Eleanor Holm, Isabel Smith, of New York, captured the 200-yard free style crown in 3:30 3/5 seconds, while Jane Faulstich, of Chicago, won the 100-yard breast stroke event in 3 minutes and 12 4/5 seconds.

Two Torontonians, B. Wilson, of the Canadian Swimming Club, and J. Angus, of West End "Y," accounted for the men's national titles at stake. Wilson won the 100-yard free style crown in 2:30 3/5 seconds, while Angus captured the 220-yard breast stroke event in 3 minutes and 12 4/5 seconds.

Safeguard Against Winter Ills!

If you dread the winter because of a tendency to catch cold or be laid up with bronchitis or la grippe, you will be interested in the story of Cod Liver Oil and Sunlight healing.

Physicians in the convalescent hospitals find that patients recover more quickly if allowed to bask in the open sunlight. Specialists in children's institutions find the same beneficial results in cases of undernourished children—the direct sun rays being greatly helpful in enabling the human body to increase its resistance to many forms of disease.

Cod Liver Oil is known to possess a similar quality to the sun rays through its content of vitamin D, and in addition contains a factor of vital importance to health, growth and resistance to infectious diseases—vitamin A. Unfortunately, all Cod Liver Oil does not possess uniform amounts of these vitamins. In order to supply a product which physicians could prescribe with confidence, Ayerst's Biologically-tested Cod Liver Oil was made available.

This Cod Liver Oil is subjected to rigid tests and its activity in these important vitamins is first determined by feeding it to undernourished animals—a "biological" test. The high vitamin content being thus assured, Ayerst's is treated by a special carbonating process which imparts a surprisingly fine, wholesome flavour and enhances its quality of being easily digested.

For these reasons, Ayerst's Cod Liver Oil is known as "Bottled Sunlight." In a health sense, it supplies "summer rays for winter days."

Keep your health this winter. Build up now with Ayerst's Cod Liver Oil. Your druggist has it.

Chapter Is Given New Name At Meeting

"An old friend under a new name" was made known at the annual meeting of the Lady Douglas Chapter, held on Thursday afternoon, when the charter of the Sir James and Lady Douglas Chapter was presented by the organizing secretary of the Municipal Chapter, Mrs. R. B. McKicking, herself the regent of the renamed chapter.

In her very fine address, which breathed the spirit of courage and progress which has always inspired Mrs. McKicking, she urged that the members should continue their work with ever-increasing earnestness of purpose, to make this country worthy of the price that has been paid in the past, to insure the perpetuation of the highest British ideals.

That the chapter, under such a regent, has been behind in its accomplishments during the past year was shown by the report of secretaries and of the treasurers, the financial statement showing that the total amount of money raised during the year was \$1,032, which has enabled the chapter to furnish a ward in the wing of the St. Joseph's Hospital, to make donations to the Travelers' Aid of the Y.W.C.A., to the Institute for the Blind, to the "For the Day" campaign, to soldiers' graves, to the Lady Douglas Girl Guides, and to Christmas hampers and gifts to veterans' associations.

The report of the educational secretary, Mrs. E. C. Hayward, showed that the chapter had increased its support of secondary education, paid the quota for the War Memorial, and presented prizes, books, British magazines, pictures and calendars, and a library to the "For the Day" campaign, to soldiers' graves, to the Lady Douglas Girl Guides, and to Christmas hampers and gifts to veterans' associations.

Preceding the annual meeting a short business session was held at which the chapter voted that a congratulatory letter be sent to Mrs. J. D. Gordon for the high honor recently paid to her hon. Letters of sympathy with flowers were sent to Mrs. Chisholm and Mrs. Campbell, and the invitation to attend the laying of the cornerstone of the Memorial Hall, from the Church of Our Lord, was accepted. Miss J. Cressie brought in the report of the Girl Guides, and Mrs. A. D. Boyd that of the Municipal Chapter meeting.

It was decided that the regent represent the chapter and lay a wreath on the tablet in the Armories on Paareburg Day. With the election of Mrs. H. J. Sheppard to the office of second vice-regent, the officers were all returned except Mrs. Walker, whose office of first vice-regent is filled by Miss Josephine Cressie. The councillors elected were: Mrs. B. W. Walker, Mrs. J. S. Plakett, Mrs. Teasdale, Mrs. Colquhoun Holmes, Mrs. T. H. Brown, Miss Edith M. King, Miss Gill, Mrs. Clibborn, Mrs. Edwards, and Mrs. Harold Grant.

Fashion Fancies

By Marie Belmont

It looks to be just a quaint, demurely ruffled little frock, doesn't it? One that would beautifully grace the Sunday night gathering with a chic and charm. Well, it does all that, but—there's a deep, dark secret connected with it, and the perky ruffles are doing their best to give the secret away. Fashioned of sheer black crepe, the long-sleeved blouse is finished with a circular ruffle around the peplum, and ties primly at the normal waistline. Remove the bodice and you are directly gowned for the formal dinner party; underneath is exposed a dinner gown with an ecru lace, sleeveless bodice, joining the long skirt in a semi-princess effect which displays the upward, ruffled movement and long flare. A two-in-one frock, if you will, but a charming addition to any woman's wardrobe.

About two hundred guests attended the annual masquerade dance of the Lake Hill Community Centre, which was held in the hall on Wednesday evening under the management of the social committee. The fancy costumes of the guests were many and various. Noticeable among them were an Arab, Chinese, Huckleberry Finn, tramp, Victorian ladies, Japanese, policeman, and many others. The judges of the costumes were Mrs. Lloyd, Mrs. G. Scott and Mr. George Mitchell, and after careful deliberation they announced their decisions as follows: Best dressed lady, Miss Amy Richardson, Turkish lady; best dressed gentleman, Mr. James Grant, Spaniard; best sustained character, lady, Mrs. J. W. Black, Indian; gentleman, Mr. Cecil Grey, tramp; comic lady, Mrs. R. Harvey, globe-trotter; gentleman, Mr. K. R. Bonner, bride and groom; best vesting, Mrs. Runge, Old Dutch; special, Mrs. Lathen, pioneer lady. Mr. Mitchell presented the prizes to the winners, after which supper was served and dancing resumed until 1 o'clock. The next dance will be held in two weeks' time.

Ritchie Bell, who has been superintendent of the Montreal Seamen's Institute, and who is touring Canada as the representative of the Dominion Council of Seamen's Institutes, will be the guest of the Ladies' Guild for Sailors on Wednesday afternoon, February 12, at 3 o'clock, in the Victoria Courthouse. Seamen's Institute, Superior Street. Mrs. Alice Thomson, the president of the Ladies' Guild for Sailors, made this announcement at the February meeting of the guild yesterday afternoon, and all members are invited to attend. At the meeting on Thursday a number of letters of thanks for the Christmas boxes sent to the lighthouses were read. A letter from the Mayor's office granting the application for a tag day on May 5 was read; Mrs. J. Gordon Smith gave a report of finances and many problems were discussed. Mrs. Thomson made appreciative reference to the illustrated lecture by Major Longstaff, given in the hall of the Seamen's Institute for the funds of the Guild for Sailors. Miss Schartz, convenor of the wool committee, brought in a fine supply of jerseys and socks, made recently by the knitting committee. Madame Claudet and Mrs. Gordon Smith, as members of the house committee spoke briefly on matters concerning their department.

At The Playhouses

COLUMBIA Several of the character actors named used in "The California Mail," Ken Maynard's latest Western feature now showing at the Columbia Theatre, were taken from actual people who lived and died during the roaring days of the '30's, when stage coaches, six shooters and gold were the main topics of conversation.

COLISEUM Tonight will be the last opportunity that Victorians will have of seeing Ted Howland and his Pom-Pom Revue in a stage specialty called "Baby Mine" which has been running all week with much success at the Coliseum Theatre. There will be extra performances tonight so that the usual Saturday night crowds will be accommodated with ease. Besides the stage attraction the screen version of Henry Wadsworth Longfellow's immortal poem, "Evangeline," is showing and since Monday night has more than pleased large audiences, who have left the theatre entirely satisfied with the evening's entertainment provided.

VARIETY "The Man From South Dakota," that brilliant comedy-drama success, will be presented at the Variety Theatre this afternoon and for the last time tonight by the popular Toby Leitch Players. Raymond Toby Leitch has scored a tremendous hit in this gripping drama. Cast as a witty, kindly old justice of the peace, he is seen in one of his most rollickingly funny roles. See this splendid play, its heart interest and drama will grip you, and the hilarious comedy of Toby Leitch will delight you. It constitutes a wonderfully fine evening's entertainment.

PLAYHOUSE Ben Lyon, who plays the feature role in "The Flying Marine," a Columbia production synchronized with dialogue, music and effects now showing at the Playhouse Theatre, keeps in trim as an aviator by spending a few hours each Sunday taking up passengers at a Los Angeles airport.

ROYAL The last two performances of "The Ghost Train" will be given today; at matinee and evening. This comedy-thriller has proved most popular; and if you have not seen it you will regret missing this last chance. Full of laughter and thrills and wonderful effects, it is without doubt one of the most unique plays ever staged and an attraction for young and old. On Monday next a comedy by Noel Coward, specially written by him for Marie Tempest, the famous English actress, will be presented. It is a comedy play with well, absurd in the situations created and brilliantly acted by the Gordon McLeod Players.

CAPITOL Riding the roller coaster theatre at the beach was Irene Bordononi's method of relaxing and exercising while she was working in "Paris," the first National picture showing at the Capitol Theatre. Miss Bordononi, brilliant Broadway star, who is now winning fresh laurels on the screen, names riding the shoot-the-chutes as her favorite sport.

DOMINION A perfect reproduction of New York's "Sunny Side Up" original Fox Movietone musical comedy which co-stars Janet Gaynor and Charles Farrell, now current on the screen at the Dominion Theatre. Even the Queensborough Bridge, the East River and the sky line of Long Island City, across the river, were faithfully copied for the set.

Agreement Likely to Be Concluded in Few Days, States Minister of Interior When Asked

(Canadian Press)

OTTAWA, Feb. 7.—The agreement between the Federal Government and the Government of British Columbia with respect to the return of the natural resources will be concluded in a few days, Hon. Charles Stewart, Minister of the Interior, intimated here today. As matters stand the Pacific Coast province is in possession of a copy of the agreement which will eventually take the form of a bill, and only a few details as to the interpretation of certain words and phrases remain to be adjusted. The Saskatchewan case will take some time longer. Premier Anderson is disinclined to accept Mr. Justice Targue, of the Supreme Court of Saskatchewan, and Mr. C. M. Founded in Year 600 A.D.

and the walls of the choir, all of which exist today, eight centuries after their erection. The crypt is not only one of the finest and best preserved in England, but a specimen of early English groining as carefully worked as the superstructure.

The years 1130 and 1177 were disastrous for the building, for they mark the years of the two great fires that did much damage to the walls, the choir and the Chapter House. Repair was slow, for these were troublesome years of wars which sapped the financial strength of many other sees in the country. But construction went on from the twelfth to the fourteenth centuries, and in 1343 the great tower was finished under Bishop Homo de Ilythe, a great patron of architecture.

In 1905 the thirteenth century of the foundation was celebrated, as was also the inauguration of the steeple, which was finished in that year.

Dr. Davies and Strong Cast to Give at City Temple Bible Parable in Modern Form

CHOICE MUSIC BY GOLD MEDALISTS

A service of worship, music and drama will be rendered at the Victoria City Temple on Sunday evening when distinguished gold medalists will render a splendid programme of sacred music in solos and duets during the first half of the service.

The second half of the programme will be devoted to a religious drama in which the parable of the rich fool, modernized and written by Dr. Clem Davies, with the Temple pastor in the leading role, will be portrayed. The fascinating story as told by Jesus will be depicted with modern settings, even to the coming of "Death," which will be personated by a well-known citizen of historic ability, who desires to remain anonymous. Besides this general theme, Dr. Davies, others in the cast will be Mr. Conway Dillingham, Mr. George Durham and Miss Hazel Parfitt. Auxiliaries will also assist.

The musical programme is as follows: Ensemble chorus anthem by Temple choir, "The Heavens Are Telling" (Haydn); tenor solo, "While the Days Are Going By" (Ward-Stephens); Frank H. Partridge; contralto solo, "Teach Me to Pray" (Jewett); Mrs. Georgina Watt; tenor solo, "Betrayed and Forsaken" (Maudsley); "Olivet to Calvary"; Percy Edmunds; soprano solo, "I Will Exult Thee" (Costa); Mrs. Arthur Dowell; duet, "Watchman, What of the Night" (Sergeant); the Partridge brothers.

TO TELL STORIES OF LOVED HYMNS

Centennial Reports Attractive Young People's Gatherings in Fast Week

At Centennial Church on Sunday morning Rev. George Pringle will examine the first commandment of the decalogue in its historical setting and disclose the universal need of obedience to it today. In the evening, in place of the usual sermon, he will tell the touching, romantic story, intensely interesting, of each of two well-known, well-loved hymns. After each story the hymn will be sung.

The music will be very fine. In the morning Mr. Frank L. Tupman will sing a gospel solo, Miss Marjorie Oliver will favor with Neidlinger's "Spirit of God." The choir will sing "Lead, Kindly Light" (Pugh-Evans), with Mrs. Prisk taking the solo part.

Centennial has had a very happy "Youth and Home" week. The Sunday services on February 2, conducted by the young people, were unique and inspiring, and the large congregations at the "father and son" and "mother and daughter" banquets the tables were filled to overflowing and the young folks made delightful little speeches. At the former gathering Dr. A. O. McRae gave a stirring address, simply expressed, but of deep and rich meaning.

TOURING CAGE SQUAD LOSE TO DUNCAN, 40-22

Up-Island Quintette Run Roughshod Over McCormick Lumber Co. in Fast Exhibition

RALLY FAILS TO GIVE NANAIMO WIN

(Special to The Colonist)

DUNCAN, Feb. 7.—With its forward line working like a well-oiled machine, Duncan's senior cage team ran roughshod over the touring McCormick Lumber Co. in a fast exhibition.

The Vancouver Island team, which was defeated by the touring team in the first game of the season, 40-22, Duncan's senior cage team, which was defeated by the touring team in the first game of the season, 40-22, Duncan's senior cage team, which was defeated by the touring team in the first game of the season, 40-22.

From the first blast of the referee's whistle the visiting Puget Sound aggregation was never in the picture. It was plainly shown that it failed to get familiar with the floor, which throughout the game bothered McCormick's forwards.

The local forwards soon got down to business and, through the fine shooting ability of Fletcher, McDonald and H. Talbot, Duncan was leading the lumbermen 18-6 when the rest period arrived.

Running wild in the second stanza, Duncan's sharpshooters continued their brilliant display and tossed home basket after basket. McCormick's got going a little better in this period and managed to chalk up five field goals, but the home team more than doubled that total. McDonald, flashy forward for the home team, was the best man on the floor and led the point gatherers with fourteen to his credit. H. Talbot, Fletcher and the Dirom brothers also turned in good games. Hobson, Bates and Carline started for the losers. R. Green, of Nanaimo, refereed and the teams were: Duncan—Fletcher (10), A. Dirom, J. Dirom (12), McDonald (14), H. Talbot (10) and J. T. Talbot (4). McCormick's—Bates (6), Anderson, Harris, Hobson (7), Carline (6) and Moses (3).

BRILLIANT RALLY

Staging probably the greatest rally that was ever witnessed on a local court, only to drop the decision, Nanaimo girls bowed to Duncan's fair sex five, 19-14. From the start and up to the end of the third quarter the home quintette had things their own way, leading 16-0 when the teams took the floor for the final period.

At this stage, with certain defeat staring it in the face, the local team let loose with a terrific onslaught on its opponent's basket and when the final whistle sounded the scoreboard read: Duncan, 19; Nanaimo, 14. It was a most well-earned sound, that final whistle, especially for Duncan.

The scores follow:

Duncan—Fletcher, R. Weeks (4), I. Stock (2), I. Chaitley (6), A. Huk (4), McDonald (12), J. Weeks and E. Stock (1).

Nanaimo—Mains (2), L. Volmer (2), O. Sykes, J. Sutherland (6), E. Fell (2) and E. Walton (2).

SHELL OIL WIN

In the second game Shell Oil Company's crew defeated a team from Ladysmith, 19-6. It was a fast game from start to finish.

Kojac Batters Mark

HANOVER, N.H., Feb. 7.—George Kojac shattered his own intercollegiate record for the fifty-yard free style event as the Rutgers swimming team defeated Dartmouth here today, 48 to 14, in an Eastern Intercollegiate League meet. Kojac's time of 53 1-5 sec. was 2-5 sec. better than his former mark.

CARNERA GETTING WEALTHY QUICKLY

Giant Italian Has Made About \$45,000 in Three Ring Appearances in U.S.

NEW YORK, Feb. 7.—There are no figures to prove it, but the suspicion grows that Primo Carnera, Venetian carpenter, will be the highest-paid athlete in the United States within almost as short a time as it takes to tell it.

The giant Italian, heavyweight knocker out Cowboy Billy Owens, Cherokee Indian from Guthrie, Okla., in three minutes and twenty-five seconds of fighting at Newark last night and boosted his total earnings in America to somewhere between \$40,000 and \$45,000.

Carnera has made three ring appearances since he came to this country and knocked out three men in total ring time of five minutes and twenty-two seconds. That makes his earnings average approximately \$8,000 for every minute he spent in the ring.

WALKER'S SUSPENSION TO BE INVESTIGATED

Dukes Plan Probe Before Taking Action on Scheduled Bout With Lomski Next Week

DETROIT, Feb. 7.—James Brown, chairman of the State Boxing Commission, took no action today to call off the scheduled bout at Olympia between Leo Lomski, Aberdeen, Washington, and Mickey Walker, middleweight champion, but planned an investigation of the suspension of Walker in Illinois, of which Brown said, he first heard yesterday in a telephone call. Brown said that under ordinary procedure of the National Boxing Association he would have been notified of the suspension in writing. No such notification was received when Walker was suspended last September, he said, and he knew nothing of it when he approved plans to stage the bout next Friday night. Walker, it was stated, never received notice of the suspension in regular form.

Protest Sent to Washington By Long Beach Chamber of Commerce on Inspections

(Associated Press)
SAN DIEGO, Feb. 7.—Mr. Walter Carr, of Los Angeles, district director in charge of immigration district No. 21, who is a San Diego visitor this week, today declared that Pacific Coast immigration officers merely are obeying departmental orders in inspecting Canadian visitors at United States ports of entry.

Mr. Carr's statement was made when he was advised that the board of directors of the Long Beach Chamber of Commerce had sent letters to the Department of Immigration at Washington, D.C., and to the Chambers of Commerce at San Diego, Los Angeles and San Francisco, protesting the procedure of the Department of Immigration in connection with inspections made on steamships originating at Victoria, B.C., destined for California. "Departmental instruction requires that such inspection be made at the United States port of entry, and immigration officers at Pacific Coast ports are following their instructions," said Carr. "The immigration department's order was issued for the purpose of safeguarding the public and the coast ports are affected by the ruling. Immigration officers board incoming vessels at the harbors in San Pedro and San Francisco, and have no part in the 'herding' of passengers into steamships two hours before the ship reaches port," declared Mr. Carr. He urged cooperation by steamship officials, immigration officers and passengers in following the department's orders so that the actual usefulness of the ruling may be determined. Mr. Carr is to return to Los Angeles on Sunday.

Terrific Gale

Halifax Bound

HALIFAX, N.S., Feb. 7.—After experiencing the worst voyage in fifty years, Captain Hildan Herwarder, master of the County Line freighter Brant County, brought his vessel into port yesterday. Captain Herwarder stated that on Thursday last a huge wave struck the ship, carried over the mainmast top, bringing down the wireless aerial, and then crashed down on the superstructure, stove in lifeboats, smashed doors, broke through two bulkheads and flooded the ship's hospital and officers' quarters. All members of the crew escaped unhurt.

For three days the Brant County wallowed in the heavy sea, battered by a hundred-mile hurricane. In one day the freighter was blown back 100 miles.

MR. JACK PETERSON LOSES

TRAWLER EVELYN

New Westminster Fire Department Prevents Spread of Blaze at Dock

NEW WESTMINSTER, B.C., Feb. 7.—Mr. Jack Peterson, forty-five, burned to death this morning at 9:45 o'clock on board his trawler Evelyn, which was moored to the Eighth Street slip, near Buckenfield's wharf.

Fire fighters extinguished the blaze with chemicals and water.

The quick response to the alarm saved the waterfront, as many ships were moored nearby, and the wharf was menaced for nearly fifteen minutes.

It is believed that gasoline leaking from the tank was ignited in some unknown manner while Peterson was in the cabin.

The first intimation of the tragedy was received from Mr. Charles Peterson, also a fisherman, but not related to the victim, who tried to rescue the doomed man, but failed.

Peterson made desperate efforts to rescue Peterson, but were forced to cut a hole through the cabin roof before recovering the body, which was burned beyond recognition.

The trawler's cabin was destroyed, but it is believed the hull escaped serious damage.

Captain Lorne Peck is being retained in command of the Blinnor, which was built a couple of years ago by the Blinnor Spruce Mills and purchased a few months ago by the Pacific Salvage Company.
